DETAILED ACTION

and

REASONS FOR ALLOWANCE

1. Claims 2-10 and 15-17 are allowed.
2. The following is an examiner's statement of reasons for allowance:

As regards independent claim 3, the Examiner has found Applicants' arguments that the Liffman et al. and Baker '889 references are not prior art in view of the priority date of 5 June 1999, these arguments were presented on page 7 of the arguments presented on 1/29/2007.

Therefore, the prior art fails to teach or suggest, producing the body of a haulage vehicle based on predetermined parameters and a modeled load of heaped material, specifically including:

(claim 3) "...modeling a shape of a load of heaped material in three dimensions, where the shape of the heaped material is substantially conical..." and "producing the body according to the modeled body determined by values of the predetermined parameters and conforms to the modeled load of heaped material.",

in combination with the remaining elements and features of the claimed invention. It is for these reasons that Applicants' invention defines over the prior art of record.

- 2.1 Dependent claims 4-6, 16 and 17 are allowed for at least the reason that they depend from an allowed base claim.
- 2.2 Regarding claims 2, 7-10 and 15 please see the Final Office action dated 5/14/2007 regarding the reasons for these claims to be allowable over the prior art.

Art Unit: 2123

2.3 Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
